USE ONLY FOR FILING A PROVISIONAL APPLICATION FOR PATENT

This collection of information is required by 37 CFR 1.51. The information is used by the public to file (and by the PTO to process) a provisional application. Confidentiality is governed by 35 U.S.C. 122 and 37 CFR 1.14. This collection is estimated to take 8 hours to complete, including gathering, preparing, and submitting the complete provisional application to the PTO. Time will vary depending upon the individual case. Any comments on the amount of time you require to complete this form and/or suggestions for reducing this burden, should be sent to the Chief Information Officer, U.S. Patent and Trademark Office, U.S. Department of Commerce, Washington, D.C., 20231. DO NOT SEND FEES OR COMPLETED FORMS TO THIS ADDRESS. SEND TO: Box Provisional Application, Assistant Commissioner for Patents, Washington, D.C. 20231.

DESCRIPTIVE TITLE OF THE INVENTION: Method for Restricting the Viewing of Digital Broadcast
Content by Encoding Region and Time Information in the Broadcast

INVENTOR #1: Raymond Krasinski Member of Research Staff Philips Research, Briarcliff
Name (Print) Job Title Division / Location

Raymond.Krasinski@Philips.Com Helen Routh
Mail address Manager's Name

Reigate Place, Suffern NY 10901 USA
Home Address Country of Citizenship

INVENTOR #2: _____

Home Address Country of Citizenship

1. PRIMARY CONTACT

Who should IP&S contact for further technical information about the invention and information about its planned use or public disclosure?

Inventor Name: Raymond Krasinski

2. PRESENT STAGE OF THE INVENTION

☒ Idea ☐ Research ☐ Development ☐ Manufacture

3. GOVERNMENT CONTRACT INVENTION

Was the invention made under a government contract? ☐ Yes ☒ No

4. **PLEASE PROVIDE A TWO OR THREE SENTENCE SUMMARY OF YOUR INVENTION and include and underline KEY WORDS which might be useful in searching for relevant patents or publications:**

When digital content is broadcast, the date and time of the broadcast are encoded in the broadcast, but no information about where the broadcast originated is encoded. It may be desirable to encode the region and time zone in which the broadcast originated and provide a mechanism to restrict the viewing of the content in other regions or time zones. By encoding this region and time zone information within the broadcast, along with information about when the content can be viewed in other time zones and regions, viewing of this content can be controlled.

PRESENT STATE OF THE ART

Briefly describe the closest already-known technology that relates to the invention. This would include, for example, already existing products, methods or compositions which are known to you personally or through descriptions in publications.

Prerecorded DVD disks may be encoded with region information. These disks may only be viewed in the region for which they are encoded by DVD players. Currently, High Definition TV broadcasts in the US are encoded with the date and time of broadcast.

5. ADVANCEMENT IN STATE OF THE ART

Briefly describe the unique advancement achieved by the invention. This may be done, for example, by describing a problem with the prior art that is solved or specific objects that are achieved by the invention.

It is highly desirable for broadcasters to control when broadcast content is viewed. By adding time zone, region and playback rules to the broadcast this can be accomplished. Of course in the USA anyone who receives content broadcast in the same region and time zone where they are situated may view the content, regardless of restrictions as required by law.

(ADD LINES AS NECESSARY, IF COMPLETING ON COMPUTER, OR ATTACH ADDITIONAL PAGES)

7. **WHAT IS THE BEST WAY YOU KNOW OF TO IMPLEMENT THE INVENTION?**

Briefly describe the invention and how it achieves the advancement described in paragraph 7.
This invention can be implemented by adding information to data packets already embedded within a digital high definition broadcast. Alternatively, new packets could be added to the high definition digital broadcast stream that contain the region, time zone and usage rule information. Receivers of this content, such as televisions, could then be required to examine the broadcast for this information and obey the usage rules. The region of the receiver can be stored in the device before it is sold. The time zone where the device is located will be stored by the owner of the device or could be extracted from broadcast content periodically at a random time to prevent tampering by the end user.

*******PLEASE NOTE: IF WE DECIDE TO FILE AN APPLICATION ON THIS INVENTION, THE ATTORNEY WRITING THE APPLICATION WILL NEED THIS INFORMATION FROM YOU IN AS MUCH DETAIL AS POSSIBLE IN ORDER TO COMPLETE THE APPLICATION.**

8. **DISCLOSURE OUTSIDE OF PHILIPS**

If the invention has been or will be disclosed publicly or to anyone other than a Philips' employee, describe to whom (person / company), date and where.

PUBLICATION

Has a description of the invention been published or submitted for publication? ☐ Yes ☒ No
If "yes", please list each occurrence:

Date

Publication/Submission

PLEASE INDICATE THE PRODUCT OR SERVICE IN WHICH YOUR INVENTION MOST LIKELY WILL BE USED:

This invention should be included in all digital broadcasts of content in the US and should be made a part of the standard to require compliance by all US broadcasters. In addition, all receivers of digital broadcast content must be required to look for and obey the viewing rules.

Title: METHOD FOR RESTRICTING THE VIEWING OF DIGITAL BROADCAST
CONTRNT BY ENCODING REGION AND TIME INFORMATION IN THE BROADCAST

Commissioner for Patents
Washington, D.C. 20231

APPOINTMENT OF ASSOCIATES

Sir:

The undersigned Attorney of Record hereby revokes all prior appointments (if any) of Associate Attorney(s) or Agent(s) in the above-captioned case and appoints:

DICRAN HALAJIAN

(Registration No. 39,703)

c/o PHILIPS ELECTRONICS NORTH AMERICA CORPORATION, Corporate Intellectual Property, 580 White Plains Road, Tarrytown, New York 10591, his Associate Attorney(s)/Agent(s) with all the usual powers to prosecute the above-identified application and any division or continuation thereof, to make alterations and amendments therein, and to transact all business in the Patent and Trademark Office connected therewith.

ALL CORRESPONDENCE CONCERNING THIS APPLICATION AND THE LETTERS PATENT WHEN GRANTED SHOULD BE ADDRESSED TO THE UNDERSIGNED ATTORNEY OF RECORD.

Respectfully,

Michael E. Marion, Reg. 32,266
Attorney of Record

Dated at Tarrytown, New York
on April 17, 2002.
